CS-40

DISHWASHING MACHINE DETERGENT

GENERAL DESCRIPTION: A “powder in a jar” heavy duty chlorinated dishwashing machine detergent for use in automatic dispensing systems. This product’s high alkalinity content provides a high pH and is combined with soil suspenders to handle heavy soil loads in high volume accounts.

ADVANTAGES:

Chlorinated
High pH for heavy soil
Excellent for high volume accounts
Safe and easy to handle packaging
Works in 12 to 15 grains water hardness

PROPERTIES:

Color	White
Odor	Odorless
Form	Granular powder
Solubility	Complete
Titer	Approx. 5 drops*
pH-1% solution	12.8

APPLICATION: Mix only with water and never open the jar. Simply pull the plastic tab to uncover the screen, invert the jar, and place inverted into a dispenser designed for solid type detergents. A qualified service representative should adjust dispenser according to water and soil conditions.

CAUTION: Corrosive to skin, eyes, and mucous membranes resulting in severe burns. Harmful if swallowed; may even result in death. Keep out of reach of children.

PACKAGING:

Case 4/9 lb jars

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.
