

LUSEAUX®

DMC – 102 HD

MECHANICAL DISHWASHING COMPOUND

GENERAL DESCRIPTION: A liquid dishwashing compound for use in hard water. DMC-102 HD is a balanced compound yielding adequate alkali reserves and minimum phosphate content for conditioning moderately hard water. Provides efficient soil removal with very low foam and quick rinsing action. Use in high temperature machines equipped with automatic detergent feeders capable of feeding liquids from original containers.

ADVANTAGES:

- Conditions moderately hard water
- Efficient soil removal
- Quick rinsing action
- Easy handling and dispensing
- Safe for use on sterling and silver plate

PROPERTIES:

Color	Very pale yellow
Odor	Mild
Form	Liquid
Solubility	Complete
Sudsing	Controlled foaming
Rinseability	Excellent
Titer	Approx. 3 drops*
pH-1% solution	12

APPLICATION: Adjust detergent feeder to maintain a concentration of ½ to 1 ounce of **DMC-102 HD** per gallon of water. Adjustment by a qualified service representative for changes in water and soil conditions may be necessary.

CAUTION: Contact with the eyes, skin, or mucous membranes will cause severe burns and tissue destruction. Avoid contact. Keep out of reach of children.

PACKAGING: 5-gal Pail

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.
