

LUSEAUX®

DMC NO. 6

MECHANICAL DISHWASHING COMPOUND

GENERAL DESCRIPTION: A top quality mechanical dishwashing compound designed for use in the hardest water. Contains a special wetting agent that promotes efficient soil removal with very low foam and quick rinsing action. Good for use on sterling silver or silver plate.

ADVANTAGES:

For use in the hardest water
Efficient soil removal
Quick rinsing action
Safe on sterling silver and silver plate

PROPERTIES:

Color	Orange
Odor	Mild
Form	Granular powder
Solubility	Moderate
Sudsing	Controlled foaming
Rinseability	Excellent
Harness tolerance	To 20 grains/gallon
Titer	Approx. 3 drops*
pH-1% solution	11.7

APPLICATION: For an average 20-gal machine use approximately ½ cup of DMC NO. 6 to charge the machine. As rinse water dilutes wash solution add approximately ½ cup for every 5 to 7 trays. Amount required will vary with water hardness and wash load. For best results, maintain wash solution temperature at 120 degrees or above.

CAUTION: May burn or irritate eyes. May be irritating to skin. Avoid contact. Harmful if swallowed. Keep out of reach of children.

PACKAGING:

50 lb Ctn.

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.

*when using Knight Equipment Reagents No. 7 & No. 8
