

LUSEAUX®

# DMC NO. 7

## MECHANICAL DISHWASHING COMPOUND

**GENERAL DESCRIPTION:** A premium quality mechanical dishwashing compound designed for use in the hardest water. Contains chlorine as well as a special low-foam wetting agent that promotes efficient soil removal, quick rinsing action and fast stain removal. Glasses drain spot free. Available in a convenient "ready pack" for automatic dispensing machines.

**ADVANTAGES:**

- For use in the hardest water
- Efficient soil removal
- Quick rinsing action
- Fast stain removal
- Pre-measured packaging

**PROPERTIES:**

Color	White
Odor	Mild chlorine
Form	Granular powder
Solubility	Moderate
Sudsing	Controlled foaming
Rinseability	Excellent
Hardness tolerance	To 20 grains/gallon
Titer	Approx. 4 drops*
ph-1% solution	11.4

**APPLICATION:** For an average 20-gallon machine use approximately ½ to ¾ cup o DMC NO. 7 to charge the machine. Add sparingly as rinse water dilutes wash water. During continuous operation add approximately ½ cup to 5 to 7 trays depending upon workload and degree that wash solution becomes diluted. Not recommended for use on sterling silver or silver plate.

**CAUTION:** May burn or irritate eyes. May be irritating to skin. Avoid contact. Harmful if swallowed. Keep out of reach of children.

**PACKAGING:**

- 30 lb Pail
- 50 lb Ctn.

Always consult the MSDS sheet for any hazardous ingredient information, precautions for safe handling and use, health hazard data, or other information regarding this product.

\*when using Knight Equipment Reagents No. 7 & No. 8
